Ref. : F001

Complete ICC protection kit with intermediate elbows for 3.5 T (for 1000 mm subframe) - Length 2150 mm

Ref. : F000

Complete ICC protection kit with short elbows for 3.5 T (for 1320 mm sub-frame) - Length 2150 mm

Ref. : F006

Complete ICC protection kit with long elbows for 3.5 T (for 700/740/850 mm sub-frame) - Length 2150 mm

Ref. : F007

Complete ICC protection kit for 7.5 T vehicle.
Cannot be sold separately for regulatory reasons

Ref. : R100

Support + long elbow for 3.5 T - for 700/740/850 mm subframe

Ref. : R102

Support + short elbow for 3.5 T - for 1000 mm subframe

Ref. : R101

Support + elbow for 3.5 T - for 1320 mm subframe

Ref. : R110

ICC protection profile Length 2180 mm + 2 end pieces

Ref. : R116

Set of end pieces (2 left end pieces + 2 right end pieces)

Sold individually

Ref. : F10E

Polypropylene wraparound mudguard for twin wheel 3.5 T (450 x 440 x 890 mm) + mudguard brackets - length 448 mm + screw kit

Ref. : R202

Polypropylene wraparound mudguard for twin wheel 3.5 T (450 x 440 x 890 mm)

Sold individually

Ref. : F10C

Polypropylene wraparound mudguard for single wheel 3.5 T (260 x 440 x 890 mm) + mudguard brackets - Length 448 mm + screw kit

Ref. : R203

Polypropylene wraparound mudguard for single wheel 3.5 T (260 x 440 x 890 mm)

Ref. : R214

Kit containing 2 mudguard brackets - Length 448 mm

Sold individually

Ref. : F10F

Polypropylene wraparound mudguard for twin wheel 7.5 T (510 x 580 x 980 mm) + white edging + mudguard bracket 548 mm + screw kit

Ref. : R204

Polypropylene wraparound mudguard for twin wheel 7.5 T (510 x 580 x 980 mm)

Ref. : R215

Kit containing 2 mudguard brackets 548 mm

The length of the mudguard brackets depends on the vehicle: please indicate the serial number of the tipper or the type of vehicle.
To find your serial number, look for the label on the driver's side (front panel or subframe) as shown on P3.

Ref. : R220

Mudflap kit for single wheel 260 x 300 mm JPM logo +screw kit (set of 2)

Ref. : R221

Mudflap kit for twin wheel 400 x 300 mm JPM logo +screw kit (set of 2)

Overview (not exhaustive)

Study depending on the serial number of the vehicle

To find your serial number, look for the label on the driver's side (front panel or subframe) as shown:

Label on driverside front panel

Label on driverside subframe

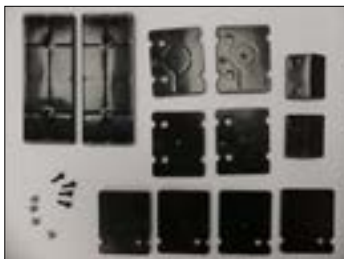

REAR TIPPER AND THREE-WAY TIPPER

Ref. : R4A1

2 tipping shafts (only for the rear tipper)

Ref. : RD03

Set of 2 stops and buffers (only for the rear tipper)

Ref. : RD07

Safety stand + plastic cap

THREE-WAY TIPPER

ORIGINAL

VULCAIN

Ref. : RD0J

Locking pin for sphere with a diameter of 60 for three-way tipper
(set of 2 parts)

ORIGINAL

VULCAIN

Ref. : R4A4

Sphere supports (set of 4 parts)

REMOVABLE TIPPER

Ref. : R4A3

2 aluminium rear rollers

Ref. : RD0H

Anti-theft system

Only on removable tipper

REAR TIPPER

Ref. : R500

Rear pump unit 12 V 180 bars

Ref. : R501

Rear pump unit 24 V 180 bars

Ref. : R502

Rear pump unit 12 V 180 bars
(vehicle range 75 - 7.5 T)

THREE-WAY TIPPER

Ref. : R510

Rear pump unit 24 V 320 bars

Ref. : R511

Rear pump unit 12 V 320 bars

Ref. : R520

Rear pick up pump unit 12 V 180 bars

Ref. : R530

Rear pump unit with 2 cylinders for 7.5 T vehicle
15 L tank 180 bars

OTHERS

Ref. : R520

Rear pick up pump unit 12 V 180 bars

Ref. : R530

Rear pump unit with 2 cylinders for 7.5 T vehicle
15 L tank 180 bars

Ref. : R560

Trombetta relay for electric pump unit 12 V

Ref. : R561

Trombetta relay for electric pump unit 24 V

Ref. : R585

250 Amp fuse

Ref. : R586

Side tipping switch for three-way tipper

Ref. : R660
Flow limiter

Ref. : R581
Circuit breaker

Ref. : R583

Plastic cover for the protection of the power pack

Red cover: standard oil

Green cover: biodegradable oil

Ref. : R570

2 m electric cable

Ref. : R571

5 m electric cable

25 mm² cross-section

Ref. : RD09

Buzzer for the process of lifting the tipper (supplied with pressure controller + wire)

Ref. : RD10

Pressure controller alone

REAR TIPPER

Telescopic cylinder

Depending on the length of the tipper

Ref. : R600

Telescopic cylinder 296

Ref. : R602

Telescopic cylinder 307

Ref. : R605

Telescopic cylinder 445

Ref. : R601

Telescopic cylinder 306

Ref. : R604

Telescopic cylinder 345

Only the cylinder is supplied. The solenoid valve must be ordered separately.

THREE-WAY TIPPER

Ref. : R621

3.5 T three-way tipper compass cylinder

Ref. : R622

5.5 T three-way tipper compass cylinder

Only the cylinder is supplied. The solenoid valve must be ordered separately.

Ref. : R631

Solenoid valve 12 V Length 800 mm (coil + core)

Ref. : R632

Solenoid valve 12 V Length 3200 mm (coil + core)

Ref. : R633

Solenoid valve 24 V Length 800 mm (coil + core)

Ref. : R640

Hose for tipper cylinder 180 Bars – length 1200 mm

Ref. : R641

Hose for three-way tipper lifting device with compass system (set of 2 hoses) 320 Bars

Ref. : R550

Wired remote control 7 m

Ref. : OH22

Wireless remote control

Complete assembly with transmitter and receiver

Ref. : R705

Standard ladder rack in steel mesh
(without plastic protection - to be ordered separately)

Ref. : R707

Standard ladder rack in aluminium mesh
(without plastic protection - to be ordered separately)

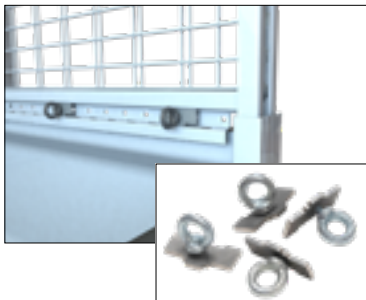

Ref. : OD0D

Kit for 2 lashing points for steel ladder rack

Certified TUV DaN

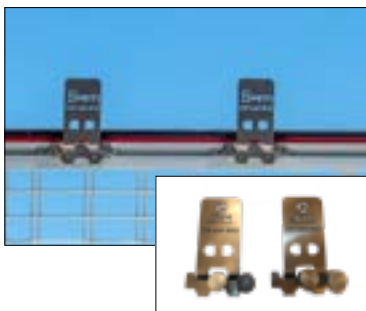

Resistance: 1000 DaN

Ref. : OD01

Set of 4 lashing rings

Resistance: 100 DaN

Ref. : OD0N

Set of 2 load stops

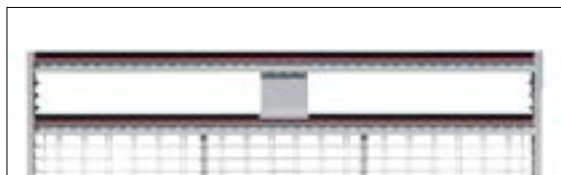

Resistance: 500 DaN

Ref. : OD0Q

Reinforced polypropylene filling for the ladder rack (2080 x 900 mm)

Ref. : OD0J

Double bar reinforcement with protection

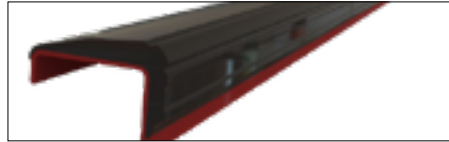

Ref. : OD04

Plastic protection for steel ladder rack.

Plastic protection for aluminium ladder rack.

2000 mm length for tipper width up to 2080 mm

2500 mm length for tipper width up to 2280 mm

Ref. : O791

Set of 4 extension gussets
(from 2022)

REAR TIPPER AND THREE-WAY TIPPER

Ref. : RB20

Steel left rear pillar (complete assembly) - supplied with fixing screw + plug + closure

Ref. : RB21

Steel right rear pillar (complete assembly) - supplied with fixing screw + plug + closure

Ref. : RB92

Set of 2 closures for the rear pillars
(compatible with tipper manufactured from 2021 onwards)

Ref. : RB93

Set of 2 plugs for the rear pillars

DROPSIDE

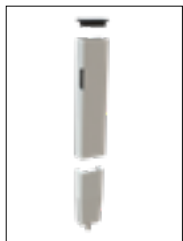

All aluminium dropside

Ref. : RB70

Aluminium left rear pillar

Ref. : RB71

Aluminium right rear pillar

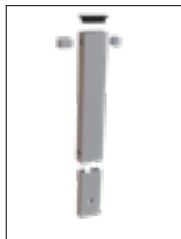

All steel dropside

Ref. : RB40

Steel left rear pillar

Ref. : RB41

Steel right rear pillar

Aluminium dropside, wood platform

Ref. : RBA0

Aluminium left rear pillar

Ref. : RBA1

Aluminium right rear pillar

REAR TIPPER AND THREE-WAY TIPPER

STANDARD rear door, height 450 mm with automatic opening

Ref. : RC20

Vulcain steel rear door, height 450 mm
(without plastic protection)

Ref. : RC50

Vulcain aluminium rear door, height 450 mm

Ref. : RC54

Original aluminium rear door, height 450 mm
(without plastic protection)

Universal rear door, height 450 mm: double swing door with automatic opening

Ref. : RC22

Steel rear door – height 450 mm
For the Vulcain steel range

Ref. : RC53

Aluminium rear door – height 450 mm
For the Vulcain aluminium range

Ref. : RC55

Original universal aluminium rear door – height 450 mm
Supplied with batch 1+1 L/R spring locks (Ref. RC87)
For the Original aluminium range

Ref. : RC32

Screw kit for Vulcain universal door - Steel/Aluminium
Compatible with RC22 and RC53

EASYDOOR rear door

Ref. : RC51

Vulcain EASYDOOR rear door - height 400 mm, automatic opening + tilting with door opening downwards
Only available in aluminium

Ref. : RC56

Original EASYDOOR rear door - height 450 mm, automatic opening + tilting with door opening downwards
Only available in aluminium Supplied with 1+1 left and right locking pliers (Ref. RC87)

Ref. : RC85

Trigger hook + galvanised spring for three-way tipper

Ref. : RC86

Trigger hook + galvanised spring for rear tipper

Ref. : RC87

Batch of 1 + 1 spring locks L/R frame

For Easydoor rear door and Original universal rear door

For the Original aluminium range

DROPSIDE

Ref. : RC21

All steel dropside rear door - complete assembly - Height 350 mm
For the Vulcain steel range

Ref. : RC52

All aluminium dropside rear door - complete assembly - Height 350 mm
For the Vulcain aluminium range

Ref. : RC70

Aluminium dropside, wood platform rear door - Complete assembly in anodised aluminium - Height 400 mm
Not compatible with plastic protections

Ref. : RA48

Batch of 1 + 1 sideboard lock without safety hammer h400 L/R
Height 400 mm
For rear door

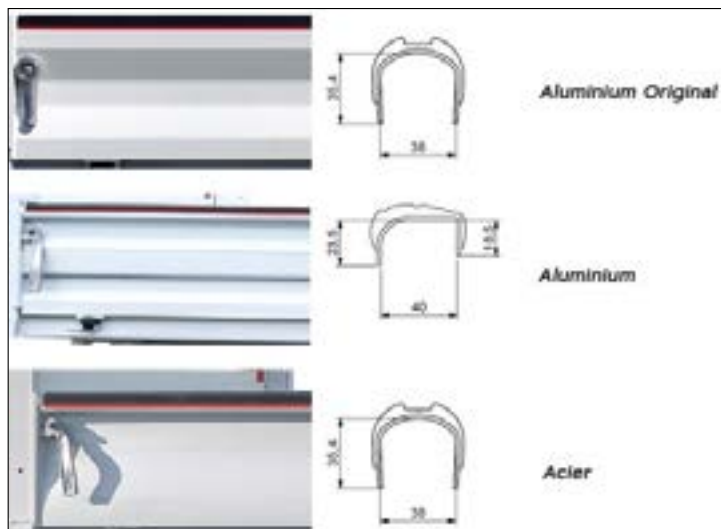

Ref. : RC82

Set of 2 rubber buffers

Ref. : RC84

Set of 2 rubber buffers for Original Easydoor rear door (RC56)

Ref. : O600

Plastic protection for rear door

For the Vulcain steel range or the Original aluminium range (RC20 - RC22 - RC54 - RC55 - RC56)

Ref. : O604

Plastic protection for rear door

For the Vulcain aluminium range (RC50 - RC51 - RC53)

Ref. : RA50

Set of 1 + 1 handles for sideboard and EASYDOOR rear door right and left
For the Vulcain range

Ref. : RA55

Set of 1 + 1 handles for ORIGINAL sideboard right and left
For the Original range, for sideboards and Easydoor rear door

Ref. : RA00

Steel sideboard – Height 350 mm - Range 55
For rear tipper and three-way tipper

Ref. : RA03

Steel sideboard – Height 400 mm – Range 75
For rear tipper and three-way tipper

Ref. : RA42

Aluminium sideboard for dropside, wood platform - Height 400 mm
Anodised aluminium

Ref. : RA49

Batch of 1 + 1 sideboard lock with safety hammer h400 L/R
Height 400 mm
For dropside sideboard

Ref. : RA40

Vulcain range aluminium sideboard for rear tipper, three-way tipper, dropside
Height 350 mm

Ref. : RA41

Vulcain range aluminium sideboard for rear tipper, three-way tipper, dropside
Height 400 mm

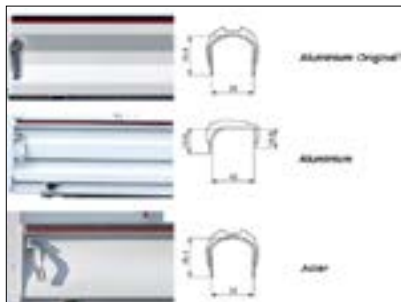

Ref. : RA43

JPM Original range aluminium sideboard for three-way tipper
(plastic protection not included)
Height 400 mm

Supplied as a complete kit, ready to install

Ref. : OF00

Plastic protection for steel sideboard (2 parts)
For the Vulcain steel range and the Original aluminium range (35.4 x 38 mm)
(RA00/RA43)

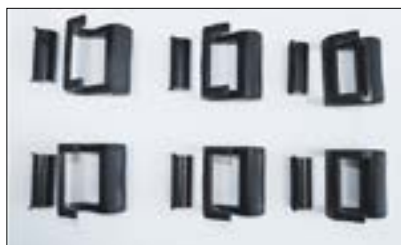

Ref. : OF01

Plastic protection for aluminium sideboards (2 parts) except dropside, wood platform
For the Vulcain aluminium range (RA40) (23.5 x 40 x 18.5 mm)

Ref. : RA53

Set of 6 sideboard stops
For Vulcain sideboards

Ref. : RA56

Set of 6 sideboard stops
For the Original Aluminium range

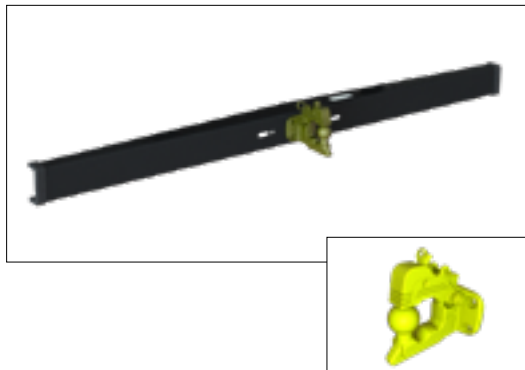

Ref. : OF0E

Kit of lift assistance springs for the sideboards

Consult us (depending on the material or width of the sideboard)

Ref. : OB00

Complete TRIVA ENTREPRISE kit (fairing sold depending on the vehicle's subframe)

Triva Entreprise = ICC bar + head stock + 1 coupling height

Head stock approved up to a GVWR ≤ 11 T (depending on the vehicle)

ICC bar approved up to a GVWR ≤ 7.5 T (depending on the vehicle)

One coupling height: mixed hook

Coupling not supplied (see OB33) – depending on subframes - consult us

Ref. : OB01

Triva Entreprise = ICC bar + head stock + 2 coupling heights

Triva approved in accordance with UN Regulations 55R01 and 58R03

Head stock approved up to a GVWR ≤ 9 T

ICC bar approved up to a GVWR ≤ 5.5 T

2 coupling heights:

- Ball hook at regulation height

- Towing bar meets the regulatory clearance for the ball and is ideally positioned for the tow-bar ring

For vehicles registered before July 2024

Ref. : OB30

JPM clevis hook with bolt kit (clamp + pin + cable + clevis)

Caution: not authorised by the road traffic regulations for certain countries.

Trailer capacity $\leq 3T5$ + depending on the vehicle

Ref. : OB31

JPM ball hook diameter 50 mm with bolt kit

Ref. : OB33

Pommier two-way hitch

Diameter 50 mm with bolt kit

Caution: not authorised by the road traffic regulations for certain countries.

Trailer capacity $\leq 3T5$ + depending on the vehicle

Ref. : OB35

MINITRACT semi-automatic towing pin
Trailer capacity $\leq 3T5$ + depending on the vehicle

Ref. : OB36

Clamp + pin + cable
For OB30

Ref. : OB10

Adaptor for 13 to 7-pin towing device

Ref. : OB12

24 V/12 V voltage divider

Ref. : OB20

13-pin towing socket for pre-wired vehicle

Ref. : OB2X

13-pin towing socket
For vehicle that is not pre-wired

Ref. : OC00

TRIVA ENTREPRISE Right/left light brackets (set of 2 parts)

Ref. : OC01

TRIVA TP/DUAL TRIVA Light brackets (set of 2 parts)

Ref. : OC02

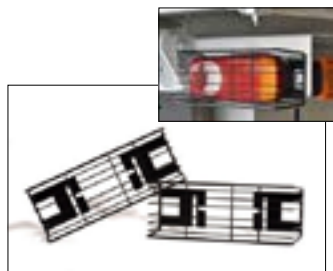

Light bracket on fairing (1 unit)
Depending on subframes - contact us

Light brackets and light protection:
indicate the brand, model and whether the rear wheels are single or twin

Ref. : OC10

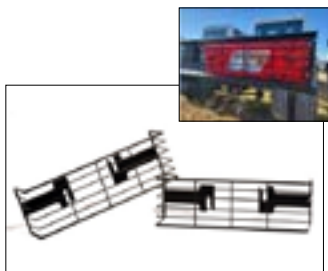

Approved light protection compatible with:

Ref. : RC1B

Grilles for VIGNAL LC5 and Fabrilcar E9-1211 lights

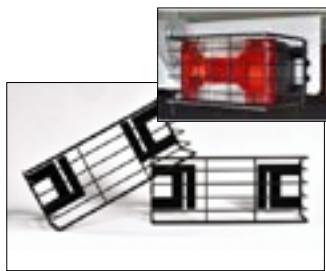

- Renault Master, Range D, Maxity
- Nissan NT400, NT500, NV400
- Fiat Ducato
- Peugeot Boxer
- Citroën Jumper
- Fuso Canter
- Opel Movano
- Iveco Daily (from 2022)

Ref. : RC1D

Light grilles for FARBA 14 309F lights

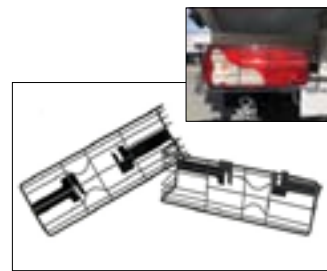

- Ford Transit

Ref. : RC1A

Light grilles for COBO E9-2060 lights

- Iveco Daily (before 2022)

Ref. : RC1C

Light grilles for VIGNAL LC8 LC8KD LC11 lights

- Mercedes Sprinter,
- Volkswagen Crafter 35/ 50,
- Man TGE

Ref. : RC1F

Light grilles for QOITO lights

- Isuzu

Locker in steel or aluminium

- 2 mm steel or 3 mm aluminium
- With rubber seal
- Integrated locks
- Gas compass cylinder
- Fixing for shelves
- Supplied with a subframe extension in aluminium or steel depending on the locker model
- May be supplied with steel feet 400 x 60 mm (2 units)

Dimensions (mm)	Ref. : Steel	Ref. : Aluminium
600 x 800 x 1700	O10B	/

Width/Height/Depth

Ref. : O300

Aluminium locker on dropside

Only available in white or RAL 7004

Dimensions: 600 x 500/600 x 1980 mm

May be supplied with steel feet 400 x 600 mm (2 units)

Ref. : O730

Perforated aluminium plank, height 900 mm

Ref. : O731

Perforated aluminium plank, height 450 mm

Ref. : O73Z

Perforated aluminium plank, height not standard

Ref. : O760

Solid aluminium plank, height 900 mm

Ref. : O761

Solid aluminium plank, height 450 mm

Ref. : O76Z

Solid aluminium plank, height not standard

Straight side extensions

Max. length: 4000 mm - Height 900 and 450 mm: to be specified

SIDE EXTENSIONS

Ref. : O740

Perforated aluminium plank with cut-off corners, height 900 mm

Ref. : O770

Solid aluminium plank with cut-off corners, 900 mm

Sideboard extensions – bevelled sides – Length max. 4000 mm, height 900 mm

Ref. : O750

Perforated aluminium plank, height 900 mm
300 mm fixed + 600 mm mobile

Ref. : O780

Solid aluminium plank, height 900 mm
300 mm fixed + 600 mm mobile

Fold-down sideboard extensions –
max. length 4000 mm, height 900 mm – can be folded to 300 mm

2 LEAVES

Ref. : O830

Perforated aluminium plank, height 900 mm

Ref. : O860

Perforated aluminium plank, height 600 mm

Ref. : O850

Solid aluminium plank, height 900 mm

Ref. : O870

Solid aluminium plank, height 600 mm

Height of the extension for the rear double swing door 900 or 600 mm
Only with the UNIVERSAL and EASYDOOR rear door: to be specified

TOP TILT EXTENSIONS

Ref. : O820

Perforated aluminium plank, height 900 mm

Ref. : O821

Perforated aluminium plank, height 600 mm

Ref. : O840

Solid aluminium plank, 900 mm

Ref. : O880

Solid aluminium plank, 600 mm

Rear door extension oscillating in the upper section for EASYDOOR only

Ref. : OD03

3-tool aluminium tool holder, thickness 3 mm

Available on steel ladder rack which is meshed or perforated, or solid aluminium or aluminium plank

Compatible with R705 and R707

Ref. : OD0M

1-tool aluminium tool holder, thickness 3 mm

Available on steel ladder rack which is meshed or perforated, or solid aluminium or aluminium plank

Compatible with R705 and R707

Removable steel rear beam rack
Not compatible with dropsides

Ref. : OE0Z

For all dimensions
(plastic protection not included - to be ordered separately)
Adjustable height

2 rotating beacons + fixing bar + signalling triangle

Ref. : OC43

Automatic electric lifting
Supplied with a wired remote control
To be glued

Ref. : OC40

Rotating beacon alone
To be glued

Ref. : OC41

Kit of 2 rotating beacons on a bar
To be glued

Ref. : OH02

Cone holder (fitted with 6 cones)
Not compatible with 1320 subframe

Ref. : OC20

Batch of 4 side lights pre-wired
(Compulsory for vehicles > 6000 mm long, 2 parts)

Ref. : OC22

LED universal 2-function clearance lights without socket
(compulsory for vehicles > 2100 mm wide)

Compatible with tippers of length 2500 to 4500 - width 2000 mm

Ref. : OA50

Net length 2500 to 2900 mm – width 1880/2080 mm + hooks

Ref. : OA51

Net length 3050 to 3400 mm – width 1880/2080 mm + hooks

Ref. : OA52

Net length 3500 to 3800 mm – width 1880/2080 mm + hooks

Ref. : OA53

Net length 3900 to 4500 mm – width 1880/2080 mm + hooks

Ref. : OA10

Fixing rings/hooks

Ref. : OA22

Height adjustable protective roof

Compatible with tippers measuring 2900, 3050, 3200, 3300, 3500 mm and width 2000 mm

Compatible with rear tipper, three-way tipper and removable tipper

Ref. : O900
